Say You're Gonna Love Me

Firefall

Where is your heart?
How come I never feel it beating?
Maybe it beats for someone else
Make up your mind
Just give me an honest answer
Why's it so hard? Can't you decide?

Say you're gonna love me, say you're gonna love me
Say you're gonna love me, I can't leave you alone

I want to know
Tell me what you feel about me
I want to be more than just a friend
And baby, if you would
Let me get a little closer
Don't let this dream come to an end

Girl, I love the little things you do
That keeps the fire burning
But now it all comes down to you
Say you won't leave me hurting
I just can't leave you alone
I can't leave you alone

Say you're gonna love me, say you're gonna love me
Say you're gonna love me, I can't leave you alone
Say you're gonna love me, say you're gonna love me
Say you're gonna love me, I can't leave you alone

Say you're gonna love me, say you're gonna love me
Say you're gonna love me, I can't leave you alone
Say you're gonna love me, say you're gonna love me
Say you're gonna love me, I can't leave you alone

I love all the little things you do
That keeps the fire burning
But now it all comes down to you
Say you won't leave me hurting
I just can't leave you alone
I can't leave you alone

I can't leave you alone
Say you're gonna love me
Say you're gonna love me
Say you're gonna love me
Say you're gonna love me

I can't leave you alone
Say you're gonna love me (No, no, no, no, no, no)
Say you're gonna love me (I can't leave you alone)
Say you're gonna love me (No, no, no, no, no, no)
Say you're gonna love me (I can't leave you alone)

Say you're gonna love me, say you're gonna love me
(I can't leave you alone)
Say you're gonna love me, I can't leave you alone
(I can't leave you alone)

```
Say you're gonna love me, say you're gonna love me
(I can't leave you alone)
Say you're gonna love me, I can't leave you alone
(I can't leave you alone)

Say you're gonna love me, say you're gonna love me
(I can't leave you alone)
Say you're gonna love me, I can't leave you alone
```
