

## Sharpshootin' at the Senator

Firefall

Brother hand me the place to lie  
Nothing to go wrong  
Just a place to go wonder why  
Kick the boy from killin' the loan

Sister seein' everything  
Outside is the place to be  
They tell ya  
Take a sad song and make it sing  
Make it what you want it to be  
It's easier

Sharpshootin' at the senator  
Buddy use your gun  
Gotta love  
Sharpshootin' at the senator  
Somethin' told me you were the one  
You heard from everyone

Folks listenin' to the government  
They can't believe what they hear  
People talkin' about the government  
With everything they're holdin' dear

Folks lookin' on the evidence  
Nail them all to the wall  
Young men can then be president  
There's a way we can discourage them all  
It's easier

Sharpshootin' at the senator  
Buddy use your gun  
Gotta love  
Sharpshootin' at the senator  
Somethin' told me you were the one  
You heard from everyone
