

Suddenly

Firefall

Suddenly just when I thought it was over
You came and rescued me
And I know that my luck had changed
Suddenly you came into my life
You led me to the light
And my life has been rearranged
Suddenly

Someday I will repay you
Just you wait and see
Anyway I want to say to you
You have set me free
'Cause you believed in me
Suddenly, suddenly
I am free suddenly

Now I see my worry was for nothing
You came and rescued me
And I knew this was meant to be
Suddenly

Someday I will repay you
Just you wait and see
Anyway I want to say to you
You have set me free, Emily
'Cause you believe in me
Suddenly, suddenly
You and me, you and me eternally
We are free, we are free yeah
Suddenly, suddenly
Suddenly
