

There She Is

Firefall

And there she is, lookin' so pretty
Walkin' down the street, smilin' at me
I'm the luckiest guy in the city
I'm head over heels, anyone can see

I've fallen into good, good fortune
'Cause look at who I get to kiss

There she is
She keeps me inspired
There she is
She's takin' my breath away
There she is
She's got me on fire
And I'm on my best behavior
Every night and day

There she is, my little angel
Liftin' me up and flyin' me around
She's dressed in red today
She's in my head today
It sure looks like I've been found

I've fallen into good, good fortune
Cloud nine, here we come

There she is
She keeps me inspired
There she is
She's take, takin' my breath away
There she is
She's got me on fire
And I'm on my best behavior
Every night and day

There she is
There she is
There she is
There she is

There she is, lookin' so pretty
Walkin' down the street, smilin' at me
I'm the luckiest guy in the city
I'm head over heels, anyone can see

There she is
She keeps me inspired
There she is
She's take, takin' my breath away
There she is
She's got me on fire
And I'm on my best behavior
Every night and day

There she is
All day and all night
There she is

We're doin' alright
There she is
Every night and day
(There she is)
Ooh, baby, let's fly away
