

Don't cry about it
Don't let it break your heart
It's only money and what's money without us.
And don't you believe what the T.V. says
About material things
You know what's important in our house
Any everywhere else.
And so far. And so far.
No, I'm not going through the roof
So Far.
Every day inside of me
There's a fire that's hard to kindle
If at first you don't succeed
Then be patient with me
In the face of a hurricane
You can shout but no one hears you
We know what's important in our house
And everywhere else.
And so far. And so far.
No, I'm not going through the roof
So Far.
Don't cry about it
Don't let it break your heart
It's only money and what's money without us.
In the face of a hurricane
You can shout but no one hears you
We know what's important in our house
And everywhere else.
And so far. And so far.
No, I'm not going through the roof
So Far.
