

Darkest Street

Fitz and the Tantrums

I'm asking you why, oh why
Can't we be together
'Cause I really don't understand
And you could go cry, and cry
On forever
I really don't understand
You and me
'Cause we should be
Together

Our house is not a home
If I'm living here alone
And I'm standing looking down, looking down
On the street below

Girl's broken down
My baby cries
Without a sound
All the lies
Get taken down
On the darkest street
In town

I'm asking you why, oh why
Can't we be together
'Cause I really don't understand
And we gonna try and try
To keep it together
'Cause I really don't understand
You and me
'Cause we should be
Together

Our house is not a home
If I'm living here alone
And I'm standing looking down, looking down
On the street below

Girl's broken down
My baby cries
Without a sound
All the lies
Get taken down
On the darkest street
In town
