

## 65 Mustang

### Five For Fighting

She's my time machine  
She's my rolling memory  
She's my family  
And I love her so

She knows my secrets well  
But her back seat won't ever tell  
She's no Jezebel, no

My '65 Mustang rides along  
Every mile's another song  
And what I don't remember  
She never forgets  
That little girl ain't let me down yet

It all comes back to me  
When I turn that horse's key  
And I'm 17 or 23  
Or bringing home my first baby  
Like Dad did when the '65 was three, yeah

She's been four colors  
We've broken forty laws  
She goes where she wants  
No matter what the cost

No power nothing here  
AC's 2 by 75  
Yeah, you got it man  
You roll'em down and drive

My '65 Mustang rides along  
Every mile's another song  
And what I don't remember  
She never forgets  
That little girl ain't let me down yet

It all comes back to me  
When I turn that horse's key  
I'm 17 or 23  
Or bringing home my first baby  
Like Dad did when the '65 was three

Don't need to play no new CD's  
She's enough music for me  
I Don't need no new AC  
Cause she's cooler than I'll ever be

My wild Mustang  
She's waiting on me  
Ready to take us away  
Sail across the sea

When I'm on her back  
I'm the boy each man should be  
She's My Family Tree

My '65 Mustang rides along  
Every mile's another song  
And what I don't remember  
She never forgets  
That little girl ain't let me down yet

It all comes back to me  
When I turn that horse's key  
And she roars to me, I'm 23  
Or bringing home my first baby  
Like Dad did when the '65 was three

She's my family
