

Side 2

Five Times August

Shelter me.
Keep me inside
Keep me alive
Help to me
You keep me in line
And I'll keep you for mine

You hover over me
You hover over me

Cover me,
A blanket of you
In all that you do
Smother me
With all that is true
Only from you

You hover over me
You hover over me

You and your sympathy
Plays like a symphony
A song you keep singing to me
Here I am safe with you
Here I can't wait for you
And all that you've given to me

You hover over me
You hover over me
You hover over me
You hover over me
