

## Closer To Me

Five

Constantly girl you're on my mind,  
and girl I think about you all of the time  
and even though words are hard to say,  
girl I miss you, never thought I'd feel this way.

If you keep on taking, my heart you'll be breaking so why do you do this to me?  
You know how I'm feeling it's you I believe in baby can't you see that I need you?

You know that it's true.  
Every time I see your face I miss you baby  
You know that it's you.  
I want to let you know you're driving me crazy.  
I'd do anything to help you to see, I don't think you understand what you're doing to me.  
You know that it's true.  
Every now and then I want to call you baby.  
You know that it's you.  
I say a prayer that you'll come back to me lady.  
Oh yeah.  
Life ain't anything alone can't you see you're an angel in my eyes,  
everyday you're closer to me.

Nobody's there when I call your name,  
and nights are cold girl without your flame.  
But if I could girl I'd make you see.  
That I'm sorry, and that I need you here with me.

Every day reminisce with the past  
of a love that we thought would last.  
How we used to be when it was you and me.  
How did it all disappear so fast.  
There are days that I can't forget  
there are things that I now regret.  
I was there for you when you were there for me, and I was thinking we were set.  
Every night when I'm laying in my bed  
I hear your voice going round in my head, think of all the things  
I could have done and all those things I could have said.  
I really will make it up to you  
I know now what I've got to do,  
It took time but now I've realised how much I'm missing you.
