

## thank you song

FKA twigs

I wanted to die, I'm just being honest  
No longer afraid to say it out loud  
So, I put my ear on your chest 'til I hear the answer  
Love in motion seems to save me now

Love in motion, my heart's open  
Thank you, thank you, I'm okay  
'Cause you care, I made it through today

I once had a dream that shadows took over  
(Tears were fallin' like rain)  
I must've cried out 'cause you were awake  
(You're the only one who really cares what I say)  
You turned on the light as you put me closer  
(All I know is that no one loves me like you)  
Love in motion seems to save me now

Love in motion, my heart's open  
Thank you, thank you, I'm okay  
'Cause you care, I made it through today

(Like you, like)  
No one loves me like you (Like)  
(Like) No-no-no-no (You)  
No-no-no-no, no-no-no-no  
No-no-no-no, (Like) no-no-no-no (You)  
No-no-no-no, no-no-no-no-no, no

Love in motion, my heart's open  
Thank you, thank you, I'm okay  
'Cause you care, I made it through today

No-no-no-no  
No-no-no-no, no-no-no-no  
No-no-no-no, no-no-no-no  
No-no-no-no, no-no-no-no-no
