

## Do Glowy

Flaming Lips

Glowy Glowy glow  
Let's get together yeah  
Glow glow glow glow  
Glarey and glarey yeah  
Doin' it right, doin' it like you care  
Under the tree where the spider got in your hair  
And I thought we should spend the night together..  
Dewy dewy dew  
Let's get together yeah  
Drip drip drippy glow  
Glowy and drippy yeah  
Dewing in it right, dewing it like you care  
Runnin' all night through the flowers that eat us there  
And I thought we should spend the night together...  
Thought we should spend the night together  
Glowy Glowy Glowy Glowy Glowy Glowy glow...
