

# It Overtakes Me / The Stars Are So Big... I Am So Small... Do I Stand a Chance

Flaming Lips

It overtakes me, It overtakes me  
It overtakes me... Oh oh oh I  
It overtakes me, It Master-Slaves me  
It overtakes me... Oh oh oh I

It overtakes me, It overtakes me  
It overtakes me... Oh oh oh I  
It overtakes me, It Wakes and Bakes me  
It overtakes me... Oh oh oh I

You know that it isn't real  
You'll disappear in a black hole  
You know that it isn't real  
Floating out of control.... Oh Wow

It overtakes me, it overtakes me  
It overtakes me... Oh oh oh I  
It overtakes me, It Master-Slaves me  
It overtakes me... Oh oh oh I

And I'm there, looking up at the sky  
And I'm scared, thinkin' 'bout the way that I  
Don't understand anything at all...  
And how it overtakes me... and I am just so small...  
Do I stand a chance?
