

Love The World You Find

Flaming Lips

You don't know what you're becoming
Who knows what you're gonna be
We don't know where we're going
We don't know 'cause we can't see

If I could tell your future
I'd say love the world you find
In the dark times and the hard questions
Let some sunshine in your mind

Sun is rising, and I think that's good
You're just now realizing
Some things you never thought you would

Sun is rising, and I think that's good
You're just now realizing
Some things you never thought you would
