On Fire

Flaming Lips

My opinion could change today, but I'm responsible anyway For second or third hand information That complicates the complication And I don't think before I speak And I don't know how far my words reach So wrong nearly every time, that I'm sorry I speak my mind If what I said was unkind Now it feels like I'm on fire It's burning the world through But don't hold it against me, 'cuz I know you're lying, too Is there any need for apology? There's no reason to believe me Judgments born in my jealous mind, creeping inside outside Connections I've made never follow through And sooner or later disappoint you Or cross you twice when your back is turned, that's how I've le arned That someone has got to be burned Now it feels like I'm on fire, these words are not the truth But don't hold it against me, 'cuz I know you're lying, too Feels like I'm on fire, it's burning the world through Don't let me fall without someone to hold on to Someone to hold to, someone to hold on to
