One More Robot/Sympathy 3000-21

Flaming Lips

Unit three thousand twenty one is warning

Makes a humming sound - when its circuits

Duplicate emotions - and a sense of coldness detaches

As it tries to comfort your sadness -

One more robot learns to be something more than A machine - when it tries the way it does - make it seem Like it can love - Cause it's hard to say what's real - when you know the Why you feel - is it wrong to think it's love When it tries the way it does...

Feeling a synthetic kind of love

Dreaming a sympathetic wish
As the lights blink faster and brighter -

One more robot learns to be something more than

A machine - when it tries the way it does - make it seem

Like it can love
Cause it's hard to say what's real - when you know the

Why you feel - is it wrong to think it's love

When it tries the way it does...
