

# That Ain't My Trip

Flaming Lips

You always want to shave my balls that ain't my trip  
You scream your screechy bat blue calls that ain't my trip  
You like to drive your car too fast that ain't my trip  
I can't communicate with bats that ain't my trip

You tell me you like gangs and guns that ain't my trip  
You say you'd like to rule the world that ain't my trip  
You say you'd like to smash their skulls that ain't my trip  
You say you want more power than love that ain't my trip
