

# The Last Drop of Morning Dew

Flaming Lips

I think the state of mind that I'm in  
We should drop it right now  
Well you've got yourself to blame  
If you need these sunny days  
And all those plans that I made  
They're all changed by the end of the day  
'cause God fucked up when he made us  
'cause he made us so we could hate us  
And the world could end in a second
