

Wolf Child

Flaming Lips

I bunk in the front
'Cause I'm a wolf child
By the monkey bars
I'm a wolf child
Sitting on the seesaw
I'm a wolf child
As it rises to the apex
Wolf child

I'm falling
Through the slide
Down to the water
And the water sizzling like acid, acid
Acid... Acid... Acid... Acid

If there's god in heaven
Then he wouldn't lie
Try to remember...
Its just a game
No one really dies

I bunk in the front
'Cause I'm a wolf child
By the monkey bars
I'm a wolf child
Sitting on the seesaw
I'm a wolf child
As it rises to the apex
Wolf child

If there's god in heaven (wolf child, wolf child)
Then he wouldn't lie (wolf child, wolf child)
Try to remember (wolf child, wolf child)
Its just a game (wolf child)
No one really dies (wolf child)

If there's god in heaven
Then he wouldn't lie

If there's god in heaven
Then he wouldn't lie
