

Fight To Live

Flatfoot 56

It's not a kid, it's just a thing
Selfishness is the song you sing
It's your body, it's your choice
But the life inside you has a voice

The news has pulled your pride wall down
Now you're not the stud in town
You gave him life don't kill the child
Just because your pride's defiled
Fight to live, fight to live save a life

The life you gave, this child within her
He's a gift not a curse, so be a man don't be a quitter
Protecting life is so much better
Be a man don't be a quitter, fight, be a man don't be a quitter
