

Primer

Flunk

Come as you are
Come if you like
Please step inside
But come as you are
Entourage
Escaped in my dreams
Borderland
Helter skelter dreams
Walk through the yard
Skating in my dreams
So, we are
Sheltered in my dreams
Still on my own
Still I'm afraid
No one has seen
But I've seen my head
Ice in my dreams
Ice in my blood
Borderland
Iron cast
