

Sit Down

Flunk

I'm still at the front
But I don't, I don't fight
I'm gonna sit down tonight
I'm not buying in
But I can't - pull out
I'm just gonna sit down tonight

Listen to the silence in between
It's louder than the bombs that come screaming in
Listen to the silence in between
It's louder than the bombs that come screaming in
I'm gonna sit down tonight

I'm still in my trench
Cause I keep, the defence
I'm gonna sit down tonight
I'm not buying in
But I can't - pull out
I'm just gonna sit down tonight

Listen to the silence in between
It's louder than the bombs that come screaming in
Listen to the silence in between
It's louder than the bombs that come screaming in
Listen to the silence
I'm gonna sit down tonight

We're still at the front
But we don't, we don't fight
We're gonna sit down tonight
We're not buying in
But we can't pull out
We're just gonna sit down tonight
