

# I Feel Fine

Foghat

Something good is coming  
Big fish on the line  
I can feel it biting  
It's about time - that I feel fine

Got my cards on the table  
I'm gonna let them ride  
I'm ready willing and able  
It's about time - that I feel fine, yeah

Drifting down that lazy river - High on a sea of dreams  
Stay away old Mr. Trouble  
You ain't got nothing on me, yeah

Got a secret in my pocket - Blackjack and a dime  
Gonna burn away all my worries  
It's about time - that I feel fine

{instrumental}

No I ain't gonna hurry - I got nothin' on my mind  
I'm gonna kick back & take it easy  
It's about time - that I feel fine  
Said it's about time - that I feel fine, yeah

Gonna cruise down old man river  
Big fish on the line - It's about time  
I feel fine - I feel fine
