

A New Day Is Rising

Folkearth

A new day is rising
Calmness of mother nature
Replace the clamour of battles

A new era is born
Glorious viking's saga is now well settled

Celebration fills this sacred lands
Gallop like the wind our names are acclaimed
Beauty of those forests, lakes
And waterfalls is beyond comparison
This kingdom worth our bloody fights!
This kingdom worth the death of our beloved brothers!

A new day is rising
Clamour of battles
Will soon replace the calmness of mother nature
