1. You're my size I need to try you on
   Ami                          D    C
   someone in between the right and wrong
           Ami                       D   C
   through everything you kept your wings apart
           Ami                         D    C
   through everything you stayed the same old heart
                   A
   and when I've had enough

      A                 D
R: She drains me when I'm empty
      A
   she fills herself
      D
   she takes it all
   G      F#mi        F            A
   in too deep, she's spilling over me
   G      F#mi        F            A
   in too deep, she's spilling over me
             C          Ami D C Es

2. Winding through this maze you hold me in
   searching all these days to find the end
   you're everything I'm not
   but I'm anything, I'm anyone you want
   and when I've had enough

R: She drains me...
   ...
   have it all
   have it all

          Ami                          D    C Es
*: You're everything you're everything I'm not
       Ami                   D     C A
   I'm anything I'm anyone you want

R: She drains me when I'm empty
   she fills herself
   she takes it all
   in too deep, she's spilling over me
   in too deep, she's spilling over me
   in too deep, she's spilling over me
   in too deep, she's spilling over me
