## Foo Fighters

Wake up it's time  
We need to find a better place to hide  
Make up your mind  
I need to know i need to know tonight

Sweet and divine  
Razor of mine  
Sweet and divine  
Razorblade shine

Patience my dear  
We could spend a lifetime waiting here  
Maybe this time  
I hope i get the chance to say goodbye

Sweet and divine  
Razor of mine  
Sweet and divine  
Razor of mine

Day after day  
Cutting away  
Day after day  
But anyway

Wake up it's time  
We need to find a better place to hide  
Make up your mind  
I need to know i need to know tonight

Sweet and divine  
Razorblade shine
