

# Pretending

## For the Fallen Dreams

Fool me once, you'll never fool me again  
I'll never give you my hand  
You're not even a friend  
Let's not pretend that I'll let you in  
No, not ever again  
No, not again  
All your friendships have met their ends  
I'm never crawling back again  
No, not again  
This is the end

Out of sight, and out of mind; the only way that I can get by  
No more crawling back to you this time  
No, not this time  
I need somewhere to run and hide  
I need something to pass the time to get you off my mind  
No response to your calls next time

Drop this subject

All your friends have gone away  
Nothing good ever stays the same  
You're fake as fuck  
Stop pretending

Stop pretending that your friendships aren't ending
