1. Forget your problems, lay it down, they start up
Em **G**
The innocence of what you are is what I want
Am **C**
I've ran my colors dripped down and drained out
Em **G**
Tried a million things, but my heart's been shot
Am **C**
Well I hope you try to find me, I'm all spun and pacing
Em **G**
I know what you want to say here, so say it
Am **C**
Forget the words I'm speaking Just want to rearrange

2. Heat stroke, death's like, the wrong things that I think are right
I never knew that I could go as far as this
I took a problem recently forgotten
I know who I had been before I slipped
Oh, I want to change it, I will live a life
That makes you smile when I'm done here and long gone
Feverish speaking, just wanna see your face
Oh, What you say, what you saaaaaaaaaay oooooooooooooo yeah

Cmaj7
R: I really miss you I miss you, I said
Fmaj7
