

# Holding onto Heaven

Foxes

**C G**  
Starless sky,  
**Em F**  
We've got so good at pretending  
**C G**  
There's a side,  
**Em F**  
A side to you, that isn't running  
**C G**  
But I don't know  
**Em F**  
Where it is that you've been hiding  
**C G F**  
But I need you tonight  
**C G F**  
But I need you tonight

**C G Em F**  
R: Cos' I'm holding onto heaven  
**C G Em F**  
Lights fade but I won't let them  
**C G Em F**  
Cos' I'm holding onto heaven  
**C G F**  
When I breathe and it's only you

**C G**  
All these years  
**Em F**  
I've been chasing down the answers  
**C G**  
I was here,  
**Em F**  
Always tracing out your shadows  
**C G F**  
But I need you tonight

R: Cos' I'm holding onto heaven...

I can't take it  
**F C G**  
Cos you think nobody sees what you're doing to me  
**F C**  
I'm telling you guilt is in your eyes  
**G**  
I hate what you've done  
**Em**  
What you've made me become  
**F**  
No sleep, face the night

R: Cos' I'm holding onto heaven...
