Framing Hanley

Insecurities beyond the hotel lobby While I'm forced to call this a home without you So let's keep this conversation lingering on Don't say goodnight, not while I am Gone This will be a long, long ride And I'll be dreaming of coming Home And when you are alone tonight I'll be writing you another song Waiting for release I miss the sound of you laughing And I'll never call this a home without you So let's get this conversation lightened up Don't say goodnight, not while I am Gone This will be a long, long ride And I'll be dreaming of coming Home When you are alone tonight I'll be writing you another song Keep your eyes on the road We're gonna make it out of this town Keep your eyes on the road We're gonna make it out of this town We could run away, away I'm gone This will be a long, long ride Long ride I'm dreaming of coming Home, Home, Home I'm writing you another song
