I Don't Want to Hurt You (Every Single Time)

Frank Black

```
I can't find my way
My vision is oh so blurred
I was wishing for the day
When I didn't even know one word
I don't want to hurt you
Every single time
I wish you could be what's her name
And I could be King Kong
But the chorus was pretty much the same
Every time I wrote this song
I started this lesson in depravity
And now we're falling apart in this lack of gravity
And my heart is just a muscle in a cavity
But it hurts so bad
And I'm trying to say I'd definitely blind
```
