## A Garden in the Rain

**Frank Sinatra** 

It was just a garden in the rain Close to a little leafy lane A touch of color 'neath skies of gray

The raindrops kissed the flower beds The blossoms raised their thirsty heads A perfumed "Thank you" they seemed to say

Surely here was charm beyond compare - to view Maybe it was just that I was there - with you

It was just a garden in the rain But then the sun came out again And sent us happily on our way

[instrumental]

It was just a garden in the rain But then that sun came out again And sent us happily on our way
