

Tunnel

Frankie Cosmos

Ask questions when you wonder
In the quick silence as we go under
A bridge and the rain stops for just a second
It can feel like a lifetime if I let it

I'm having the time of my life
Each time that I look into your eyes
You look back at me, we really see each other
The scenery closed off by a tunnel

I'm pretending not to care
That everything will go away
Birds on my mind today

You acquire a new item
Every time you feel like crying
I used to keep it quiet
Now I don't mind it
I don't feel like lying

And baby I got hair now
That's never even heard of you
