

Katherine Hit Me

Franz Ferdinand

Oh, kiss me...
Flick your cigarette and then kiss me.
Kiss me where your eye won't meet me.
Meet me where your mind won't kiss me.
Flick your eyes at mine and then hit me.
Hit me with your eyes so sweetly.

Oh, you know, you know, you know that yes I love,
I mean, I'd love to get to know you.

Do You ever Wonder?
No, no, no... No you girls never know
Oh, no you girls will never know
No you girls never know, how you make a boy feel
You girls never know
Oh, no you girls will never know
No you girls never know, how you make a boy feel
How you make a boy...

Oh, Kiss Me!
Flick your cigarette and then kiss me.
Kiss me where your eye won't meet me.
Meet me where your eye won't flick me.
Flick your mind at mine so briefly.
Oh, you know, you know, you're so sweetly,
Oh, you know, you know, I know that
I love you, I mean I...
I mean I need to love.

Do You ever Wonder?
No, no, no...
No you girls never know
Oh, no you girls will never know
No you girls never know, how you make a boy feel
You girls never know
Oh, no you girls will never know
No you girls never know, how you make a boy feel
How you make a boy feel
How you make a boy...

Sometimes I say the stupid things that I think,
Well, I mean I...
Sometimes I think the stupidest things
Because I never wonder...
Oh, how the girl feels
Oh, how the girl feels

No, you boys never care
Oh no, you boys never care
No you boys never care, how the girl feels
You boys never care
You dirty boys will never care
No you boys never care, how the girl feels...
oh, how the girl feels
Oh, how the girls feel...
