You see, our lives are not the same, baby
I chase the money not the fame, baby

See all these diamonds in my chain, baby, ayy
I'm rollin', I'm rollin', I'm rollin', yeah, ayy
She really don't know where I'm goin', yeah, ayy

I just copped the new Benzo
And you see them stacks
My bitch, she thought that was the ransom
And she can't ever let it go
She know I keep it on me
So God knows niggas got bankrolls, baby
And they watching how my chain glow
Trapped out the ZooGang
They gon' watch me do my thang tho, baby
Tryna skrrt, she know she ain't tho
Stay rollin' up, I stay rollin' up
I stay runnin' thru those bands tho
Five thousand for some bracelets, baby
The ZooGod over making hits, baby
I'm all about the racks, yeah baby
And you know I'm 'bout to cash in, baby

You see, our lives are not the same, baby
I chase the money not the fame, baby
I flex, finesse and do my thang, baby
See all these diamonds in my chain, baby, ayy

She really don't know where I'm goin', yeah, ayy

Strap in the Uber they searchin' the Rove
Came from the bottom, put work in the stove

Fuck all 'em problems, drinkin' the Hen out the bottle

In front of the deli, hit up my celly for 2 for 5

She don't know my name, nigga
Left her by the bando came back in the Lambo

You see, our lives are not the same, baby
I chase the money not the fame, baby
