

Sometimes I'm more than lost  
I can't even remember what I'm here for  
So terrified that when my last day comes  
I'll be unprepared for it

But I'll rise above  
'Cause I was loved by you

Cazadera, Cazadera

Sometimes I just feel gone  
Can't wrap my mind around who I am  
I can't envision who I'll become  
Or remember who I was

Then I recall  
You came and warmed me

Cazadera, Cazadera

Yeah, then I see  
That you can see me

Cazadera, Cazadera

Sometimes a cloud is just a cloud  
Sometimes a cloud is just a cloud, just a cloud  
Sometimes a cloud is just a cloud, just a cloud  
Sometimes a cloud is just a cloud

I'll rise above  
Because I was loved by you

Cazadera, Cazadera
