

Lesson

Fu Manchu

Stare, I can tell you why you're here
Find all the things you left behind
Cry to explain how you survived
Turn, I won't leave and try

Lesson you've taught me
I know how and why
Lesson you've taught me
Is one I'll never find
I'll never find

Back, behind your sunken eyes
Wait, and I am not surprised

Walk, every time you try
Write as you ask me one more time

Lesson you've taught me
I know how and why
Lesson you've taught me
Is one I'll never find
Lesson you've taught me
I know how and why
Lesson you've taught me
Is one I'll never find
I'll never find
I'll never find
