

## Self-traitor

Fuck the Facts

You gave it all  
all your f\*\*king life.  
In your conscious  
acceptance of despair.  
You surrendered.  
You gave over,  
as a self-traitor,  
the few bits.  
The few parts  
that made me gain respect for you.  
Isn't it hard now  
to crawl?  
In your own mess,  
smell the stench  
of your own disgust.  
Every living day,  
a battle,  
to embrace yourself.  
In the depths of youre hostile frame,  
you are offereing no resistance.  
Was it worth the betrayal,  
of your only  
few strong  
beliefs?  
Your better times  
will never come: they've never been.  
You gave in al  
all your f\*\*king life  
in your conscious  
acceptance of despair.  
You surrendered.
