

Balm For The Soul

Fury In The Slaughterhouse

A non smoking flight to nowhere
Give me balm for the soul
Ready to take off
Give me balm for the soul
Last exit before breakdown
Give me balm for the soul
Send a smile back from above
Give me balm for the soul
I'm not looking for salvation
I'm not waiting for release
Give me balm for the soul
No giveaway and no donations
You know what I want so please
Give me balm for the soul
Give me balm for the soul
Replace me with a drum machine
Give me balm for the soul
While hip hypocrits keep the lyrics clean
Give me balm for the soul
Please no risk just hesitate
Give me balm for the soul
And march on with the loveparade
Give me balm for the soul
I'm not looking for salvation
I'm not waiting for release
Give me balm for the soul
No giveaway and no donations
You know what I want so please
Give me balm for the soul
Give me balm for the soul
How are you? Oh thanx I'm fine
I think I just left in time
Jump off the train brings fast relief
If you never want to be
A well payed clown on MTV
Balm for the soul
Balm for the soul
I'm not looking for salvation
I'm not waiting for release
Give me balm for the soul
No giveaway and no donations
You know what I want so please
Give me balm for the soul
I'm not looking for salvation
I'm not waiting for release
Give me balm for the soul
Give me balm for the soul
Give me balm for the soul
