

Where I Found You

Future Islands

I remember your smile,
the smell of your skin,
the way that you walked,
and laughed.

I remember our room,
and coming home to you,
I remember our home,
and you.

Look back, hold on to the last.
Don't let today push out the past.
You gotta
look back, look back,
hold on to the last.

I remember the drive,
with and without you.
One road I took to catch you,
the other road I took to leave you where I found you.

And I remember our day,
we sat in some strange bar.
Had nothing much to say,
nothing at all.

I loved you,
and I still do.
You know I loved you,
and I still do.

Look back, hold on to the last.
Don't let today push out the past.
You gotta
look back, look back,
hold on to the last.

I loved you,
and I still do.
You know I loved you,
and I still do.

Look back, look back,
look back, look back,
hold on to the last.

And I loved you,
(look back, look back)
and I still do.
(look back, look back)

You know I loved you,
(look back, look back)
and I still do.
(look back, look back)

Look back, look back,

look back, look back,
look back, look back,
hold on to the last.
