G-Eazy

I feel like I'm flying high  
Farther than eyes can see  
And nothing can bring me down nothing can stop me now  
Cause finally now I'm free  
Free  
La la la la la  
La la la la la la  
Free  
La la la la la  
Finally now I'm free

I can't lie I do feel shitty  
I just heard my girl has been cheating ever since she been with me  
Somebody better get me before I Chris Brown that girl  
Or better yet I'll Bobby that Whitney  
But real talk though that wouldn't even fit me  
I'd rather make like Chi-Town and get windy  
And that means hoes never see me like a gypsy  
Until she find me at the bar drinking way past tipsy  
Cause I ain't even about to stress or let it get me  
I'd rather get another one and move on quickly  
Haters try reaching for the boy but can't grip me  
Cause I smoke all day like a hippy  
And half the time, I be chillin' with an absent mind  
Drugged down drinking syrup like it's Aunt Jemima  
I'm just playing if I had the time  
To give these haters all half a line  
I'd say fuck y'all

This job sucks I need a better situation  
I make the same pay as the day I walked in with my application  
Feel like I've been waiting for a raise  
Just getting off on minimum wage  
While all they can say is be patient  
I'm tired of these managers and power  
I'm tired of working shifts for 7 hours, making 7 bucks an hour  
Come home with only energy to shower  
That's why I feel sour  
Yea we all want the money and the power  
I wish I could be free and make music  
Wishing it would blow up  
Chillin' wishing life would really slow up  
But everybody telling me to act like a grown up  
No comprende because I don't ever want to grow up  
I'm stressed out but above it all  
I'm off two fat blunts so I'm really above it all  
And all the hating going on man I love it all  
So keep it up because I don't really give a fuck at all
