

# You Were Up To Something

G-Eazy

My god you were up to something But I'm up to nothing  
But my god never leave I'm running  
And I don't know where, oh where I'm going to

Uh, and I remember back when  
I was just a lost scrawny ass kid that was him  
Probably circa '99 6th grade I was in  
Found big booty nikki when I met her I was 10  
And maybe she might of been a little hoeish  
But I walked around with her acting like I didn't know it  
Cause she had boobs, and shiny lip gloss  
And I heard she was the one if you want your tip boss  
So P.E when everybody went to swim  
We were making out inside the locker room in the gym  
She pulled my trunks down the grabbed a hold of him  
It was fucking rad till my fucking teacher walked in

You, you were more then nothing  
But I-I I'm less then something  
My heart starts to race I'm running  
And I just can't wait for you to stay with me

My god you were up to something  
But I'm up to nothing  
But my god never leave I'm running  
And I don't know where, oh where I'm going to

Uh, And I remember back when I was 13 years still trying to get it in  
Told my moms one night I'd spend the night at a friends  
Then I went to see Lexi  
Lexi played the violin  
I heard she was a square  
But she might give it up  
I just bought some tree  
Just thought I might twist it up  
She was down for it all  
She said where do you wanna go  
I said back to my crib  
She said is anyone home?  
I said moms, but I think she fell asleep around 10  
So we snuck back hoping she didn't hear us walk in  
She gave it up fast  
Now I'm thinking epic win  
It was fucking rad till my fucking moms walked in

You, you were more then nothing  
But I-I I'm less then something  
My heart starts to race I'm running  
And I just can't wait for you to stay with me

My god you were up to something  
But I'm up to nothing  
But my god never leave I'm running  
And I don't know where, oh where I'm going to
