## Rise

Gabrielle

I know that it's over But I can't believe we're through They said that time's a healer And I'm better without you It's gonna take time I know But I'll get over you

R: Look at my life Look at my heart I have seen them fall apart Now I'm ready to rise again Look at my hopes Look at my dreams I'm building bridges from these scenes Now I'm ready to rise again

Caught up in my thinking, yeah Like a prisoner in my mind You pose so many questions But the truth was hard to find I better think twice I know That I'll get over you

## R:

Much time has passed between us Do you still think of me at all? My world of broken promises Now you won't catch me when I fall
