

Fighting of Eternity

Galneryus

Run□ Hide in the darkest shadow
So we don't get caught by them Don't be deceived
Run□ Now go away down to below We just don't want to get hurt
Do not be caught in their traps'

Aiming at the hiding place Hurry up□ Can't lose this race
I try hard at my own pace (I think about how I deceive)
Even if I'm dripping wet Take care not to get upset
I don't wanna have regrets (I think about how I deceive)

I'll do it to infinity

In the future, I will beat a guy
I will do it It's my joyous cry□

Anyway, I want to win My effort is not in vain
I'll give you intense pain (I think about how I can win)
