Beyond the Black Hole

Gamma Ray

I have come from so far away From the sunlight of my home And I have seen it's the only way Now my sun is dead and gone

I raise my head in silent anger Seems there is no place for me The only way out is to go Where no one's gone before

Fly - Beyond the gates of space and time Another universe is mine And I can't wait until tomorrow Ride - There's a call from deep within No I won't return again `Cause I will dive into the black hole

Don't wait for me, 'cause I won't come back Oh don't wait for me, no I won't come back Oh don't wait for me, no I won't come back Oh, oh, oh ...

Thunder and lightning and fire Are guiding the trip of my life Insatiable burning desire As into the unknown I dive

I raise my head in silent anger Seems there is no place for me The only way out is to go Where no one's gone before

Fly - Beyond the gates of space and time Another universe is mine And I can't wait until tomorrow Ride - There is a call from deep within I know I won't return again `Cause I will dive into the black hole

Don't wait for me, 'cause I won't come back Oh don't wait for me, no I won't come back Oh don't wait for me, no I won't come back Oh, oh, oh, don't wait

There was a trigger, for my decision It's right behind my eyes Into the darkness of my vision I let my spirit rise

I wanna see the black hole, into the dark
I wanna dive into the black hole, down into the dark
Into the black hole, into the dark
Into the spiral, Into the dark, the dark, the dark

If there's a possible chance for something that can be Called future behind the spiral
The only way to find out, is to leave the final frontier

To eternity and fly

I will fly - Beyond the gates of space and time
I leave the universe behind
And I can't wait until tomorrow

Fly - Beyond the gates of space and time I know the universe is mine `Cause I will dive into the black hole

Ride - And there's a call from deep within
I know I won't return again
`Cause I will dive into the black hole

Don't wait for me, 'cause I won't come back Oh don't wait for me, no I won't come back Oh don't wait for me, no I won't come back Oh, oh, oh, don't wait
