Gamma Ray

The world's desperated with irony, hunger and corruption  
The eastern world and the africans, too  
Are going to repeat the history of all wars  
And our industry supplied them with arms  
Everybody knows but nobody can do anything against it  
The fall of society is on the make

Well sometimes, sometimes I try to draw up a list  
I try to find out what they have done  
I thought of honorable murderers you know  
Like Jonah's hand might wrap around us

And anytime, everywhere in the world ...

Gamma Ray, Gamma Ray, Gamma, Gamma, Gamma Ray,  
Made of your existence  
Gamma Ray, Gamma Ray, Gamma, Gamma, Gamma Ray,  
Money and our failing  
I've waited for... to fire gamma ray!

Without body I could fly around the world  
Destroying arms, destroying rockets  
Mix all complexions of the whole human race  
We all would turn to shallow people

Everybody, everywhere in the whole world

Gamma Ray, Gamma Ray, Gamma, Gamma, Gamma Ray,  
Made of your existence  
Gamma Ray, Gamma Ray, Gamma, Gamma, Gamma Ray,  
Money and our failing  
I've waited for... to fire gamma ray!

Without body I could fly around the world  
Destroying arms, destroying rockets  
Mix all complexions of the whole human race  
We all would turn to shallow people

Gamma Ray, Gamma Ray, Gamma, Gamma, Gamma Ray,  
Made of your existence  
Gamma Ray, Gamma Ray, Gamma, Gamma, Gamma Ray,  
Money and our failing  
I've waited for... to fire gamma ray!
