

## Bad Name

Gang Starr

I hate tellin' good people bad news  
I hate, I hate  
I hate tellin' good people bad news

Word To God if Big and Pac were still here  
Some of these weirdos wouldn't act so cavalier  
We all know that the game has changed  
It's crazy out here rap's got a bad name  
Think about it, what if bling never happened  
And the true artist's were gettin' rich from rappin'?  
Word to God sum'n should give  
Let's delete the politics so real Hip Hop can live

Beef is what's up now, careers are gettin' shut down  
The media wants something meaty  
People are f\*ckin' greedy  
Music and culture's like a foreign language  
You'd be better off staging a fake beef in Spanglish  
Compadre, can you handle the whole weight?  
Adios mios watch 'em swallow your whole plate  
You used to support your fam offa this  
Now you can't even buy Spam offa this  
And I don't deal with swine

I ain't Dr. Phil, I truly help you heal your mind  
Nowadays it's like everybody's losin' it  
Instead of them preserving this gift they're all abusing it  
It's mad drama, they want us reachin' with the Limas  
Causin' hysteria, the new Hip Hop criteria  
And they forgot about the blood, sweat and tears  
Now we see the results of all the blunts, chicks and beers

Word To God if Big and Pac were still here  
Some of these weirdos wouldn't act so cavalier  
We all know that the game has changed  
It's crazy out here rap's got a bad name  
Think about it, want if bling never happened  
And the true artist's were gettin' rich from rappin'?
