

Like It's a Bad Thing

Gary Allan

They say, I drive a little fast
Say, I like to push the limit
Everyday I'm living like it was my last
They say, Im proud of my scars
Each one tells a story
Got guts and glory down to an art
Say, I know whats its like
To see life pass right before my eyes
Like it's a bad thing.

I dont know about you but I was put here to live and love
So, what if I dont do it like everybody else does
I'm out on the edge, I'm too willing to risk
Every bone, every breath, they say, all I am is a crazy dream
Like it's a bad thing.

So, my heart's been broke
So, I keep on falling
Im nothing but all in when I let go
I wear it on my sleeve
Yeah, they call me a fool cause I still believe
Like it's a bad thing.

I dont know about you but I was put here to live and love
So, what if I dont do it like everybody else does
I'm out on the edge, I'm too willing to risk
Every bone, every breath, they say, all I am is a crazy dream
Like it's a bad thing.

I
Dont know about you but I was put here to live and love
So, what if I dont do it like everybody else does
I'm out on the edge, I'm too willing to risk
Every bone, every breath, they say, all I am is a crazy dream
Like it's a bad thing.
