

The Radio Song

Gene Clark

Fifteen miles from Memphis I think that was the sign
I'll be drivin' through tomorrow just to lose a worried mind
If I reach Colorado I won't look back where I've been
It seems so long since I have seen her where will I begin
Night before last walkin', pacin' four rooms worth of floor
It isn't long since she's been gone but now I need her more
A wise man wrote what isn't there is what you want to find
So now I'll have to find her so that I won't lose my mind
I've listened to the radio all the music that is on
But every song they're playin' is about a love that's gone
A hundred thousand miles it seems since yesterday
It hasn't been that long but they just lay's it on that way

I've listened to the radio all the music that is on
But every song they're playin' is about a love that's gone
A hundred thousand miles it seems since yesterday
It hasn't been that long but they just lay's it on that way
Fifteen miles from Memphis I think that was the sign
I'll be drivin' through tomorrow just to lose a worried mind
If I reach Colorado I won't look back where I've been
It seems so long since I have seen her where will I begin
