

I Got It

Gene Vincent

You want some lovin'
I got some lovin'
You want some kissin'
I got some kissin'
You want that I should hold you baby
You want that I should kiss you maybe
You want some lovin'
I got some lovin'
A-baby, ouh, ouh, ouh, ouh

Well, you made me honey all filled with desire
I'm all alone here for you to admire
There is'nt anything that I can do
When it comes to pleasin' you
You want two arms
That will always hold you
I got the arms
That will a hold you
You want two lips
That will always kiss you
I got the lips
That will always kiss you
You want some lovin'
I got some lovin'
A-baby, ouh, ouh, ouh, ouh
Yeah, rock

You want some lovin'
I got some lovin'
You want some kissin'
I got some kissin'
You want that I should hold you baby
You want that I should kiss you maybe
You want some lovin'
I got some lovin'
A-baby, ouh, ouh, ouh, ouh

Well, you made me honey all filled with desire
I'm all alone here for you to admire
There is'nt anything that I can do
When it comes to pleasin' you
You want two arms
That will always hold you
I got the arms
That will a hold you
You want two lips
That will always kiss you
I got the lips
That will always kiss you
You want some lovin'
I got some lovin'
A-baby, ouh, ouh, ouh, ouh
