

Friday's Angels

Generation X

Your heroes stare with glossy smiles - Fridays Angels
They always had that special style - Fridays Angels
Standing naked dressings at trial - Fridays Angels
You'd give anything to be there for a while -
Fridays Angels

You're made up - played up and feeling great
Made up - played up and feeling great
Made up - played up and feeling great
But the mirror knows - you're a proper state
You paint a face that's toppled kings - Fridays Angels
Dressed in the drag of a killer thing - Fridays Angels
Loaded - tough to prove you're alive - Fridays Angels
It's a hard hard world but you'll survive -
Fridays Angels

You're made up - played up and feeling great
Made up - played up and feeling great
Made up - played up and feeling great
But the mirror knows
The mirror knows - you're a proper state
Mum and dad think you're a maniac
To walk the streets dressed up like that
When you go out you won't be back

You'll risk the vampires on a friday night
And you don't care you know you're right
And you don't care you know you're right
And you don't care you know you're right
And you don't care you know you're right
